HARAMBÉE

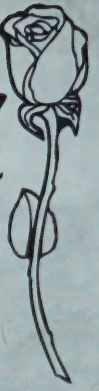

Harambée: Pulling together to strive for new visions and standards of excellence.

The time that we've spent together at the O'Bryant has been full of laughter and tears, parties and fights, but through it all we are still together. Fours years of obstacles and triumph, we are now a graduating class full of new visions and high standards of excellence.

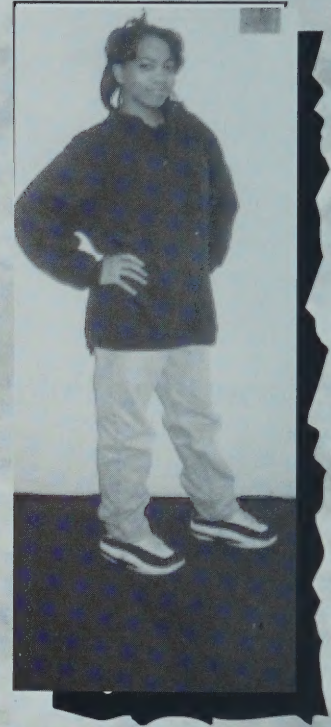

Now that we have made it this far, we have many memories of our past and many expectations for our future. We came in as little boys and girls, and now we leave as matured young adults. Though Mondays and Fridays seemed long and boring, we still came to school. Through the endless lectures and difficult tests, we still excelled.

Always keep your head up and be proud, you "Made it!" Remember and thank all those who pushed you to succeed, such as your parents and teachers. They stood by you the whole way, guiding you and supporting your decisions. Never doubt yourself, strive for what is in your hearts. Push forth, and work hard to excel.

Much love,
Congratulations To The Graduating Class of 2000.

Holland Taleena Smith

February 4, 1982- April 15, 1998

*You're the kind of friend
I could sit on the porch swing with,
Just sharing the sunshine,
Never saying a word,
And then go away
Feeling like that was
The best conversation
I'd had all day!*

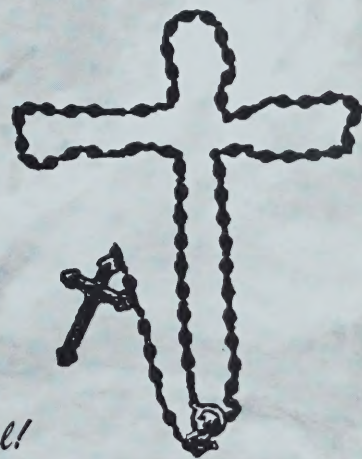

We will always have you in our hearts.

Love,

The Class of 2000

John Torsiello

June 19, 1982 - October 13, 1998

*There are moments in life when
you miss someone so much that you just want
to pick them from your dreams and hug them for real!*

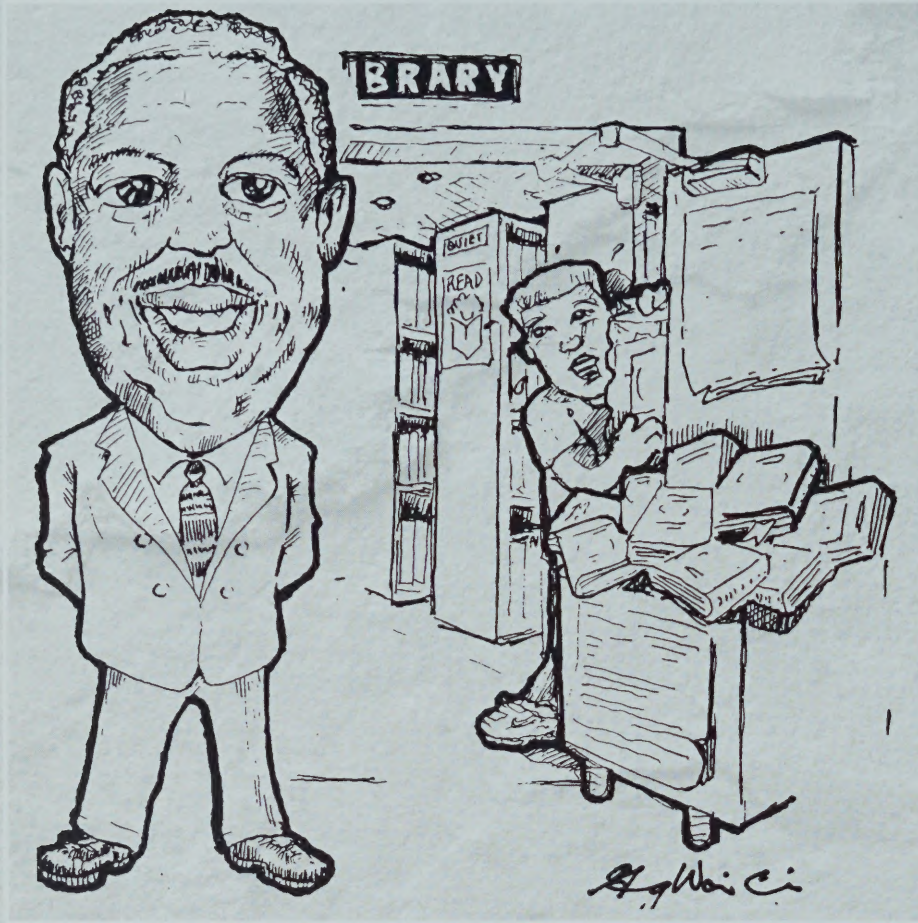

Hope you dream of that someone special.

*Dream what you want to dream; go where you want to go;
be what you want to be, because you have only one life and
one chance to do all the things you want to do.*

*We hope you are living your dreams.
John, you are forever in our thoughts.*

*Love,
The Class of 2000*

Headmaster

I would like to take this opportunity to congratulate the Class of 2000 for all that they have accomplished. You are to be applauded for who you have been and who you are becoming, for many talents and creativity, and above all, your commitment and perseverance.

For the past four years, I have personally witnessed your growth and maturity and I know that you are well equipped for the next stage of your journey. You have the tools that will serve you well, the ability to read critically, write persuasively, speak with confidence and reason analytically. You take with you the habits of the mind that will always remain fundamental to your sense of self-the habit of questioning assumptions, avoiding bias, prejudice and rigidity of thought and a habit of learning and listening well.

During the next four years you will again be called upon to make renewed sacri-

fices. You must continue to work hard to overcome obstacles that may prevent you from reaching your goals. In some instances, a second or third effort may be required for you to be successful. I want you to be patient. There will be struggles along the way, times when you will doubt yourself, question your ability to fulfill your dreams and feel that you have lost your direction. These are times that will test your ability to conquer adversity and hopefully will strengthen your desire to succeed.

In the new millennium, you will witness many scientific breakthroughs. Technological advancements will be mind boggling. Those who are prepared will be in a better position to reap the benefits. We face a new world where the challenges and opportunities are no longer local but global in scope, a world that demands that you be more than good, you must be exceptional.

Your legacy began the day that you walked through the door of the O'Bryant. You have preserved, you have triumphed, you are now members of a great family, "The John D. O'Bryant School Family" your future accomplishments will help to enhance our growing reputation of excellence. The O'Bryant goal is to become one of the finest schools of Mathematics and Science in the nation. You are the ambassadors who will pave the way for us to reach this goal.

I pray that during your lifetime you will have the good fortune to live in a world free of war, famine, disease and strife. I also hope that you will be successful in any field of endeavor that you so choose. My wish for you is happiness, success and prosperity.

We will miss you Class of 2000. You go with our admiration, our wishes and with our love. God Bless you all.

Sincerely,

Mr. Gustave Anglin

Class Officers

To the Class of 2000,

It has been a great experience being your Class President for the past two years. Time does pass by too quickly. With a blink of an eye, we are already graduating seniors. For some of us, life at O'Bryant began nearly six years ago; for others, it has been four. Whether it was six or four years, all of us have shared many memories here. It was here where we found many of the close friends that we have today. We were always there for one another when times called for it. This is why our class is so special. O'Bryant is like a second family to me. The thought of leaving it after all these years is both very strange and exciting. I know I will miss you guys so much.

When I think of the past six years, many things cross my mind. To be able to see everyone mature and change from seventh/ninth grade until now is amazing. We were kids coming into this school without any care in the world. Within that time we have gone through many things together. We have made it through even though we have lost

two great friends. We have faced the challenges of high school and the stress of college applications. Now we are young adults looking toward our futures.

I hope that all of you will continue to strive for the best. Never settle for anything less than you deserve. You have made it this far, do not let anything get in your way. I guess I just want to tell you that whatever it is that you want to do in life, make sure that it makes you happy. Live your life to the fullest and much happiness and success to all of you.

With much love,

I Remember When.....

Ms. Gonfa wouldn't sign the yearbook students out and was so cruel and evil about it.

Ms. Gonfa wouldn't sign us out even after we finished our pages.

Ms. Gonfa always said "FIX IT."

We first met Ms. Terry and were afraid of her.

The big blue lockers in the seventh and eighth grade.

Ms. D. had a baby.

Everyone was in love with Mr. Daly in the eighth grade.

"Blue doors are good, Red doors are bad!"

Quincy "pushed" that girl down the stairs.

Mr. Carty's "Johnny" or "Billy" stories.

Ms. Sutherland yelling at the ceiling, ALL THE TIME!!

Mr. Weiner and his two prune jars (drinking and cleaning water.)

When Holland drank the "cleaning water."

The day the jars got labels.

We had a substitute for English, the first two weeks of school, and then getting Ms. Fiske.

Spending lunch in Ms. Fiske's room.

The studies we had in the seventh grade.

Alice, Amaury, Mary and Dorian were crowned at the prom.

No one could find Dorian to crown her Princess.

CONGRATULATIONS GRADUATES!

Kim Brittany Nguyen

Good Evening, Mr. Anglin, distinguished guests, parents, teachers, and classmates. The last four years at the John D. O'Bryant have been exhilarating and mesmerizing. Whoa! How fast could time fly? The Class of 2000 has been a memorable experience. From the jokes that we told, to the tears that we shed, we were always there for each other in the times of need. We come here today to share our tears, happiness, and joy.

Tears are shed because we are sad to come to the realization that this is the last time that the Class of 2000 is together as a family and also as a team. Happiness and joy are echoing from every corner of this arena because we finally made it to a major point in our lives, we are all deserving of this very special moment. Because of this, we owe all of our parents, teachers, and others a great amount of gratitude for their patience and also for their kind support.

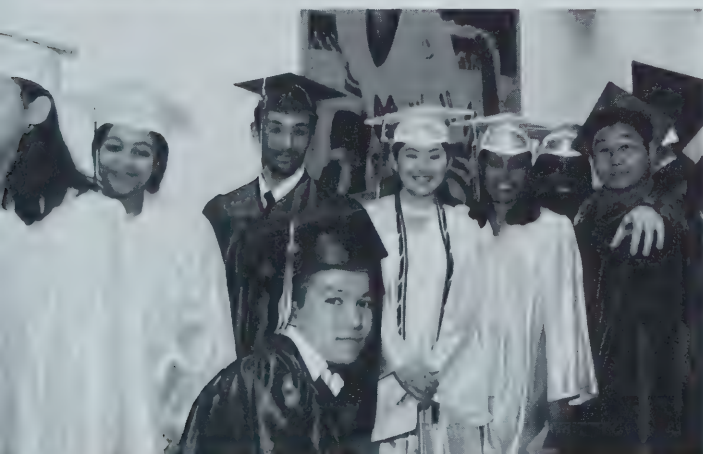

As the Class of 2000, we are representing the Millennium's Generation. We are all special and unique in our own different ways and we should be proud of that. Go out into the world and conquer all of your goals and dreams. Keep sowing your seed, for you never know which will grow-perhaps it all will. If you can imagine it, you can create it. If you can dream it, you can become it.

We graduate with honors because we worked hard. For these four years we made it to the top. Teachers taught us to reach for our goals and now it is up to us to make it all come true. So we don't have to imagine, we have to make it become a reality. It is our responsibility to take what we have learned at the John D. O'Bryant and apply it throughout our lives in order to provide a better life for the Millennium's generation and for the future graduates who have looked up to us.

This time has finally come. Now we will receive our diplomas. Let's keep our heads up and keep reaching high. "Never give up. Never give up. Never, never, never." A message to the Class of 2000: Best of Luck in your future endeavors. You guys are all special to me and I am very proud of each and everyone of you guys. It is time for us to all soar high and show the world all of the talents and skills that we possess.

I would like to thank my mother for always being there for me and for always reminding me that without an education you have nothing. I thank GOD for making me who I am. I thank my teachers for their encouragement and patience with me. And Mr. Anglin for carrying us Seniors through a successful year of 1999-2000.

HONORING THOSE WHO CARE

A SPECIAL THANKS

(left-right) Mr. Henriquez, Deborah Furr (Mommy), Mr. Kelton, Mr. Ortega, and Dorian Furr.

(left-right) Ms. Allison, Mrs. DeSilva, Ms. Rose, Mr. Henriquez, Dorian Furr, Deborah Furr (Mommy), Mrs. Chaney, Mr. Kelton, Ms. Bailry, Mrs. Collins, Mrs. Fisher, and Mr. Ortega.

Throughout my high school years, I was always compared to my sister. I tried to live up to everyone's expectations as being someone I was not.

I just wanted to give a special thanks to just a handful of people that kept faith in me and believed I would be someone special.

Even though there were people that tried to get me out of the John D. O'Bryant, there were also those that tried to keep me in.

If it was not for the love of the track team and for the love that certain teachers gave me I would not be writing this today. I really do appreciate everything you all did, everything you are doing, and everything you will do for me.

I would like to thank those that believe in me and knew I would come out on top. Knowing that I could have left the school at any given time I did not, but I guess you can say I was trying to prove a point. The point being, I MADE IT with your help.

I wanted to give you the recognition you deserve for changing the Dorian that we once knew into the Dorian I am today, and believing that I could.

Dorian Furr
